911 for Kids, is the official 9-1-1 caller training educational program for the U.S. On March 10, 2008 9-1-1 for Kids was one of eight key national organizations who supported H. Res. 537, recognizing the importance of 911 education and directing the Administration to establish a National 9-1-1 Education Month.

The mission of the program is as follows: 1) to provide comprehensive 9-1-1 caller training for all age groups beginning with children; 2) to assist public safety agencies, schools, governments, and community-based organizations in the planning and implementation of public education programs; and 3) to teach the public the proper use of 9-1-1, the nation’s universal emergency telephone number.
